A LEARNER. BORN WITH
CREATIVE BLOOD, IMAGINATIVE
BRAIN, POETIC HEART AND
MAJESTIC ATTITUDE.

Hate jewelry, but passionate about gadgets, in spite of having a few gray hair I love exploring new technologies & spending time on my workstation, digging blogs, tweeting and playing with Camera.

A conceptual thinker with hands-on techniques, my creative instinct, breadth of design capabilities and depth of expertise are based on three decades of hard work that has enabled me to produce distinctive designs.
